ings for Men
Jewelry Dept.

New things are always interesting, especially if they're good and useful—so the man who wants something for himself, or the woman who desires a worthwhile gift for a man, will find much of interest in our Jewelry Dept.

Cigarette and Cigar Holders

They're new—and quite the best looking we've ever seen! Holders in ivory, black and amber, all with 14 karat gold mountings—some in combinations of French brier and black with ivory. A variety of lengths, flat and round cigarettes—also for cigars.

131 Different
Belt Buckles for Men

assortment—all new, too!
Belt buckles are made very striking by modern designs, priced \$3.50 to \$5.00. Some unusually rich and handsome—priced \$10.00.

Elgin Military Watch, \$10.50

Elgin Military Watch, \$10.50
Elgin Military Watch, \$10.50
Elgin Military Watch, \$10.50

Dial Enables You
Time at Night

Elgin watches have radio dials, and are fitted with a special dial, which enables you to read the time at night.

the New Scarf Pins

with stone settings—very mannish! Sold at \$2.50 to \$6.75.
Main Floor—Today

Fabrics for Fall

HERE are so many new
woolens for fall—so many
shades, colors and pat-
terns that you will find it
very profitable to visit my
new establishment to choose
your new fall suit.

rely complete showing that I have
your inspection there are brown,
grays and many striking combina-
tions, stripes, and mixtures—every-
thing of every age and taste made to

relationship—my 31 years of suc-
cessful tailoring guarantees you satisfac-
tion in the value from \$40
to \$100 in my windows.

THREE REICHS-AG MEMBERS INVOLVED IN THE MUTINY.

German Plot to Blow up Canadian Railway Exposed by Lansing.

KINGDON :: GOULD :: AND :: HIS :: MESSMATES.
Millionaire Newly-wed and His Comrades in Arms.

CONSPIRACY OF MARINES ABETTED BY SOCIALISTS.

Kaiser Takes a Hand in an Attempt to Prevent the Total Disorganiza- tion of His Naval Forces.

[BY ATLANTIC CABLE AND A. P.]

AMSTERDAM, Oct. 10.—A mutiny among the crews of four battleships of the German fleet has occurred at Wilhelmshaven. One of these battleships was the Westfalen, whose captain was thrown overboard and drowned. The crews landed, and the sailors surrounded the sailors, who surrendered.

A mutiny also is reported on the German warship Nurnberg, which was at sea. The men seized the officers and proceeded in the direction of Norway, with the intention of being interned. The Nurnberg was overtaken by destroyers and forced to surrender.

Emperor William went to Wilhelmshaven and ordered that one out of every seven mutineers be shot. Chancellor Michaelis protested, with the result that only three were shot. Sentences aggregating 200 years penal servitude were imposed on the others. One of the reasons for the mutiny was bad and inadequate food.

The Westfalen is a battleship of 15,000 tons, built in 1904. The Nurnberg is a new vessel not listed in the latest naval records to reach this country. She is a namesake of the cruiser Nurnberg, sunk by the British in the battle of the Falkland Islands, in December, 1914.

UPRISING ABATED.
[BY ATLANTIC CABLE AND A. P.]
LONDON, Oct. 10.—A revolution-ary outbreak on German warships at Wilhelmshaven, about six weeks ago, is reported in a Central News dispatch from Copenhagen. The uprising is said to have been suppressed only with the greatest difficulty.

Several mutinous outbreaks also are reported to have occurred among soldiers at the front. These were not of such a grave character, the dispatch says.

CAPITULATION STATEMENT.
[BY ATLANTIC CABLE AND A. P.]
COPENHAGEN, Oct. 10.—In announcing to the Reichstag yesterday that a plot had been discovered in the German navy, Vice-Admiral von Capelle, Minister of Marine, is quoted in a Berlin dispatch as saying:

"It is a most serious and fact that the Russian revolution turned the heads of some persons in our navy and introduced revolutionary ideas among them. The plan was to recruit representatives on all the ships to cause the crews to refuse to obey orders, to paralyze the fleet and force peace upon the country."

"It is proved that the principal agitator conferred in this building with the independent Socialist faction in the Reichstag, explained his plans to Deputies Dittman, Haase and Vogtherr, and obtained their approval."

"I can not make a statement here on the subsequent events which occurred in the navy. The few persons who forgot their honor and their duty suffered the penalty which they deserved. I can only say that the mutiny was a serious and dangerous situation."

DISORDERLY SCENES.
[BY ATLANTIC CABLE AND A. P.]
LONDON, Oct. 10.—A dispatch to the Central News from Amsterdam says that at the conclusion of Admiral von Capelle's statement in the Reichstag on the mutiny in the German navy there were scenes of a most disorderly character. The shouts from the other deputies being heard loud above the furious interruptions of the Socialists.

COAST SHIP AGROUND.
Quinn's Fast in Sand Off Upper California Coast—Passengers Rescued in Lifeboats.
[BY A. P. NIGHT WIRE]

EUREKA, Oct. 10.—Passengers and crew of the steam schooner Quinn, which beached last night in a dense fog three miles south of Point Gorda, have been rescued, but were refugees tonight on a bleak shore ten miles from the nearest telephone.

The details of the wreck and rescue, sent in here from outlying points, are meager.

The Quinn, in which Capt. A. Peterson was making his first voyage as master, was proceeding in a calm sea, with a light swell, at a moderate speed, through a thick fog. A cargo of lumber was on the deck, from Brookings, Or., for San Francisco. Passengers numbered ten, including two women, and the crew about fifteen.

The vessel struck the sands at 10 o'clock at night. When it was found that the hull was firmly imbedded, the passengers were sent to the lifeboats. The Quinn was a small vessel, and the rescue was a difficult one.

The passengers were Mrs. J. H. Harlan, Adolph Blasky, F. Hylander, C. Hylander, Johnson, J. H. Lander, Albert Peterson and Mrs. High Smith, who are all employees of the Quinn. The Quinn was built in 1904 at Aberdeen, Wash. Her original cost was \$30,000.

ACQUIT DENVER MAN
ACCUSED OF MURDER.
[BY A. P. NIGHT WIRE]

DENVER (Colo.) Oct. 10.—William R. Seay, who shot and killed Edward C. Green in an office in City Hall last May, was acquitted in District Court here today. Seay pleaded self-defense. The case was a sensational one, arising out of the city election last April. Seay and Green having been leaders in politics. Green was a prominent member of the city highway department and Seay an employee until shortly after the election.

RUSSIAN RAILWAY
STRIKE IS ENDED.
[BY ATLANTIC CABLE AND A. P.]
PETROGRAD, Oct. 10.—The ministers having promised to issue a decree satisfying the demands of the railway strikers, the executive committee of the railway workers has called off the strike. The men on all the lines affected have been instructed to return to work tonight.

CONTROL OF FOODSTUFFS
IS DEFINED BY WILSON.
Distribution of Essential Articles to be
Licensed by Government.

[BY A. P. NIGHT WIRE]

WASHINGTON, Oct. 10.—Government control of foodstuffs is extended to take in virtually all the essential articles of diet by a proclamation issued tonight by President Wilson directing the food administration to license, after November 1, the manufacture, storage, importation and distribution of some twenty prime commodities. Many small dealers are exempted, as are farmers, who are especially excepted in the food control law.

The move was forecast in a statement last night by the food administration declaring it was necessary to prevent unreasonable profits and to stop hoarding and speculation.

After quoting the Food Control Act, under which the action is taken, the President's proclamation says:

"It is essential, in order to carry into effect the purposes of said act to license the importation, manufacture, storage and distribution of the following articles, to wit: (1) wheat, wheat flour, or any product thereof; (2) rye, rye flour, or any product thereof; (3) barley, barley flour, or any product thereof; (4) oats, oat flour, or any product thereof; (5) corn, corn meal, or any product thereof; (6) rice, rice flour, or any product thereof; (7) sugar, sugar syrup, or any product thereof; (8) molasses, or any product thereof; (9) lard, or any product thereof; (10) tallow, or any product thereof; (11) butter, or any product thereof; (12) eggs, or any product thereof; (13) poultry, or any product thereof; (14) fish, or any product thereof; (15) fruit, or any product thereof; (16) vegetables, or any product thereof; (17) nuts, or any product thereof; (18) seeds, or any product thereof; (19) beans, or any product thereof; (20) peas, or any product thereof; (21) lentils, or any product thereof; (22) pulses, or any product thereof; (23) pulses, or any product thereof; (24) pulses, or any product thereof; (25) pulses, or any product thereof; (26) pulses, or any product thereof; (27) pulses, or any product thereof; (28) pulses, or any product thereof; (29) pulses, or any product thereof; (30) pulses, or any product thereof; (31) pulses, or any product thereof; (32) pulses, or any product thereof; (33) pulses, or any product thereof; (34) pulses, or any product thereof; (35) pulses, or any product thereof; (36) pulses, or any product thereof; (37) pulses, or any product thereof; (38) pulses, or any product thereof; (39) pulses, or any product thereof; (40) pulses, or any product thereof; (41) pulses, or any product thereof; (42) pulses, or any product thereof; (43) pulses, or any product thereof; (44) pulses, or any product thereof; (45) pulses, or any product thereof; (46) pulses, or any product thereof; (47) pulses, or any product thereof; (48) pulses, or any product thereof; (49) pulses, or any product thereof; (50) pulses, or any product thereof; (51) pulses, or any product thereof; (52) pulses, or any product thereof; (53) pulses, or any product thereof; (54) pulses, or any product thereof; (55) pulses, or any product thereof; (56) pulses, or any product thereof; (57) pulses, or any product thereof; (58) pulses, or any product thereof; (59) pulses, or any product thereof; (60) pulses, or any product thereof; (61) pulses, or any product thereof; (62) pulses, or any product thereof; (63) pulses, or any product thereof; (64) pulses, or any product thereof; (65) pulses, or any product thereof; (66) pulses, or any product thereof; (67) pulses, or any product thereof; (68) pulses, or any product thereof; (69) pulses, or any product thereof; (70) pulses, or any product thereof; (71) pulses, or any product thereof; (72) pulses, or any product thereof; (73) pulses, or any product thereof; (74) pulses, or any product thereof; (75) pulses, or any product thereof; (76) pulses, or any product thereof; (77) pulses, or any product thereof; (78) pulses, or any product thereof; (79) pulses, or any product thereof; (80) pulses, or any product thereof; (81) pulses, or any product thereof; (82) pulses, or any product thereof; (83) pulses, or any product thereof; (84) pulses, or any product thereof; CALIFORNIA CROPS.

Predicts Record Rice Production.
Hot Weather Cut Down Orange Output.

SAN FRANCISCO, Oct. 10.—The rice crop in the Sacramento Valley and the bean crop throughout the State will break all records, according to a statement today by District Forecaster E. A. Beale of the United States Department of Agriculture.

The hot weather during June reduced the orange output materially, Beale declared, but the Valencia orange crop is as big as ever. In a bulletin issued today Beale states that the usually warm weather in the San Joaquin Valley early last week has resulted in virtually the entire crop of raisins being dried and put in condition for early delivery.

COAL SUPPLY MAY BE SHORT.

Extent of Industrial Growth Determining Factor.
Garfield Promises Northwest will be Cared For.

WASHINGTON, Oct. 10.—Whether there will be a coal shortage in the United States this winter depends, Dr. H. A. Garfield, the fuel administrator, declared today, entirely on the extent of the demand, which has not been disclosed.

COAST ROMANCE ECHO.

Chicago Woman Seeks Husband Who May Have Succumbed to Lure of Hawaii.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) CHICAGO, BUREAU OF THE TIMES, Oct. 10.—Police today were asked by Mrs. Isabel Campbell of Chicago to search for her husband, Eugene M. Campbell, Mrs. Campbell said her husband told her as he left home Monday that he was "tired of everything." She has not seen him since, and fears he may have come to some harm.

Value, Variety, Quality in Boys' Clothing

In all the Southwest you'll find no store quite so well equipped to cater to the whims and tastes of "The Boy" as H. and F's. Toggery made for "boy service"—not only full of dash like dad's, but unusually well tailored from best materials. Boys and their parents find choosing easy here on this second floor—entirely given up to boys' wear—from underwear to caps at all-around RIGHT prices.

Juveniles' Coats

Hardly seems possible to put so much cunning style and grown-up distinction into little tads' Coats.

\$5, \$6.50 to \$10

For the very wee ones pretty corduroys and velvets are popular. Lots of all-wool checks and mixtures, too—embellished with velvet collars, clever belts and quaint buttons. Well lined, and fairly radiating cozy winter comfort.

From \$4 to \$20

Boys' Dept.—2nd Floor
Mail Orders Promptly Filled

Harris & Frank

437-443 SOUTH SPRING ST.

Knicker Suits

—See Them
Unusual character in these \$5 to \$25 Knicker Suits—double seats and knees, and some boasting two pair of knickers. Sturdy, good-looking chevrons, flannels, serges and mixtures in practical colors—restitched and reseen throughout.

New Plush Caps

The newest vogue! Heavy silk nap in striking plaids, checks and the decidedly daring leopard spots. And only \$1.75!

Cloth Hats for Winter

They're so boyish—so practical—so smart looking! Checks and mixtures are favored in 6 to 21-year-old styles and sizes. Ideal for fall wear, and just new our stock is particularly complete at \$1 to \$2.50.

Munsing Union Suits

Nippy munsings call for heavier weight underwear. Mothers revel in the fit and finish of Munsing's—ideal suits for 1-year-olds or 11-year-olds. Several styles and weights to choose from—all sizes, 65c to \$3.

SHOES

School Shoes, Dress Shoes, Play Shoes—the sort of "true blue" shoes you can trust in these days of deceptive leather. Superlative values at \$3, \$3.50 and \$4 that will amaze you—and that fully measure up to the renowned H. and F. quality standard.

Pastor to Speak.
Rev. E. Stanton Hodgkin, pastor of the First Unitarian Church, will speak this evening in the church building on "Answer to Prayer."

On Astronomy.
Edgar L. Larkin will lecture to-night and tomorrow night on "Egyptian Symbolism" in Promenade three in the Brack Shops.

W.C.T.U. to Meet.
Mrs. Kate Webb will be in charge of the programme at a meeting of the Los Angeles W.C.T.U. today in the First Methodist Church.

To Entertain Corps.
Members of Robley D. Evans Camp, W.R.C. No. 126, will be camp, president of the chapter at Woodley Strand Theater.

Proximo Club to Meet.
The Proximo Club will meet tomorrow noon at the Broadway Department Store Cafe. Orra E. Monaster, president of the chapter, and Savings Bank will speak on the subject "Genius, Where Found?"

To Wed in East.
The following marriage licenses were issued today in Chicago to Los Angeles people: James M. Boyd, 46 years old, to Anna E. B. Marshall, 45 years old; Carl Anderson, 35 years old, to Radna Anderson, 34 years old.

Public Forum.
The Public Forum will meet in the Grand-avenue, Schumacher, at Eighth street and Grand avenue tonight at 8 o'clock. Justice Frank S. Forbes will speak on "What Shall We Do with Our Criminals?" A discussion will follow.

For Ulster Volunteers.
To raise funds for wounded Ulster volunteers, the Ulster Society will give an entertainment this evening at No. 748 South Figueroa street.

On Humane Work.
In spite of the fact that there was not one humane officer in the field, the Society for the Prevention of Cruelty to Animals reported yesterday that 617 animals were examined during September and four persons arrested.

Illinois Picnic.
An all-day reunion and basket picnic will be held by the Illinois State Society of Southern California at Lincoln Park next Saturday. A programme consisting of musical numbers and addresses will be given at 2 o'clock. Dr. George L. Henderson will lead the singing and G. W. Prince will preside.

To Boost Salesmanship.
The International Sales Managers' Association is in the city to study in salesmanship and the management of business. Meetings will be held on the second and fourth Wednesdays of each month at the Alexandria. The first meeting will be held on the 17th inst., at which a wide field of study will be outlined for old and especially new members.

Brentwood Club Elects.
Thomas C. Bundy, Dr. C. P. Thomas, H. M. Gorman, J. C. Richardson, Clair Tappan, James O'Brien, Charles A. Cooke, Herman James, Thomas McCall, I. C. Speers, J. J. Jenkins, L. R. Works, L. E. Wood, A. J. Withers and Frank Melrose were elected directors of the Brentwood Country club at the annual meeting, Saturday. It was announced yesterday.

Want Kitchen Supplies.
The Depot Quartermaster, Fort Mason, San Francisco, has issued circular No. 102, calling for bids on crockery and glassware to be opened on the 24th inst. The list contains a large number of cut glass bottles, cups and sugar bowls, wash basins, soup, butter chisels, vegetable and various other dishes, plates and saucers. It is on file at the trade extension bureau of the Chamber of Commerce.

Ulster Society Affair.
The Ulster Society will give a concert and dance this evening at Wood's Dancing Academy, at No. 748 South Figueroa street. Sgt. Stephens of the British and Canadian recruiting service will speak on "Life in the Trenches." The Scottish Bagpipe Band will furnish music for the evening. Proceeds will be used to aid the wounded Ulster volunteers. The public is invited.

Rotarians to Meet.
At the Hotel Alexandria tomorrow at 12 o'clock noon the Rotary Club of Los Angeles will listen to Leslie B. Henry tell of the "Second Liberty Loan." Sylvester L. Weaver will speak on "Business and the War" and he promises to give some interesting facts that will interest all business men. There will be an old-fashioned roll call by order of the board of managers and every Rotarian is expected to answer when his name is announced.

Lecture on Transportation.
Dr. Andrew S. Lobinger will be the principal speaker at the luncheon to be given by the Los Angeles Transportation Association tomorrow noon at Jahnke's Tavern, No. 521 Spring street. The subject of the lecturer's talk will be "Transportation and Care of the Wounded at the Front." The lecture will be illustrated by stereopt. on views. The manager of the day will be John J. Byrne of the Santa Fe.

CITY LEAGUE WANTS
PENSION FUND EXPERT.

The Municipal League yesterday sent communications to the Council recommending that several changes be made in the method of operation of the police and fire pension funds. It suggested that a study be made of the conditions by an expert actuary.

Commenting on the local conditions the league said: In the past fiscal year the expenditures for the police pensions fund amounted to about 3.06 per cent. of the pay roll. In New York City, under provisions of the pension department, today eligible for retirement at half pay, involving an expenditure of about \$9999 a year additional, there is no available balance in the fund to meet these charges. Similar conditions obtain in our fire funds.

NORTHERN SOLDIERS
PINE FOR FOOTBALL.

C. O. Barton, with Co. F, Three Hundred and Sixteenth Engineers, has written Bill Goodman of the Clime Clime Company that the soldier boys are crazy over football and lacking equipment, are conducting daily practices with a bunch of rags in place of a ball. Barton states that football is popular in camp, but baseball is far drawing the greatest interest. If the soldiers can get uniforms he believes a schedule with neighboring high schools, and colleges could be arranged.

CIGAR DEALERS FEAST.
Banquet at Union League Club and
Dance in Evening is
Programme.

Independent retail cigar dealers are going to forget all about the war tax on smokes at their banquet at the Union League Club tomorrow evening. The association has representation in nearly every city of Southern California and there will be delegates from all parts of this section of the State present when President J. Weinberger calls the meeting to order.

Anthony Schwann has been chosen chairman and Mayor Woodman and City Prosecutor Widney will be among the speakers. Marco R. Newmark will speak for the retail cigar dealers and jobbers, and Police Judge White will give his views on organization. The special occasion will be known as the National Cigar Day Banquet and Dance. The evening dance will be given at Rutherford's Hall, No. 1018 South Grand avenue. The business meetings being conducted at the Union League Club.

OFFENSE IS COSTLY.
Conviction for Using Mails for Al-
leged Fraud Results in a
Heavy Sentence.

The mandate in the case of Marion C. Clark, convicted of using the mails in a scheme to defraud, reached here yesterday from the United States Circuit Court of Appeal, and Clark surrendered himself to the government, beginning his six months' term in the County Jail. In addition, he was sentenced to pay a fine of \$250. Clark is in ill health, and has within a short time lost sixty-five pounds in weight. It is said he is suffering from tuberculosis.

Clark was convicted of fraudulently conducting a physician's collection agency, it being shown that he had collected a number of bills and made no return of the money. After his trial he married, and relatives of his wife furnished the \$5000 bond awaiting the result of his appeal.

BUSINESS BRIEVITIES.
[Advertising.]

When you are looking for something smart in children's hats come here first and save time and patience. We have a most remarkable showing in styles, values and models. There is not another store in town that can equal our variety, so our customers tell us. Prices range from \$1, \$1.50, \$2, \$2.50, \$3 and on up to \$5. Hats and caps for boys, same department, second floor. Mail orders filled. Harris & Frank, Spring near Fifth.

For quick action drop answers to Times "Wanted" in Times liner boxes in downtown office buildings. The locations of the boxes are printed in the first column of the Times "Wanted" section.

Henry J. Kramer will form an adult beginners' dancing class Monday evening, October 8, at 8; juvenile beginners' Saturdays at 1:30; advance class Tuesday evenings.

The Times Branch Office, No. 619 South Spring street. Advertisements and subscriptions taken. Telephone Main 8200, 10321.

THE WEATHER.
(Official Report.)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Cal. 10--Reported by Fort A. Crockett, meteorologist. At 5 o'clock a. m. barometer, 30.0; at 8 a. m., 29.8. Thermometer for the corresponding hours showed 58 deg. and 68 deg. relative humidity, 5 a. m., 98 per cent. 5 p. m., 70 per cent. Wind, 5 a. m., northwest, velocity 2 miles; 5 p. m., southeast, velocity 5 miles. Highest temperature, 78 deg.; lowest, 57 deg. Rainfall for season, since last season, 8.57 inches. Barometer reduced to sea level.

WEATHER CONDITIONS--Precipitation occurred in Minnesota, Illinois, and in the Pacific of Columbia northward into Massachusetts. Elsewhere rain or more was absent. Frequent showers in general in Wyoming, south Dakota, Nebraska, and Minnesota. Partly cloudy weather prevailed over the greater part of Southern California this morning, and for some along the coast. A few clouds, mostly or foggy weather early Thursday, the weather in Los Angeles and vicinity will be light.

OFFICIAL REPORT--Minimum and maximum temperatures from records reported in the Los Angeles office of the U. S. Weather Bureau for today are as follows:

Barometer, 30.0; at 8 a. m., 29.8. Thermometer for the corresponding hours showed 58 deg. and 68 deg. relative humidity, 5 a. m., 98 per cent. 5 p. m., 70 per cent. Wind, 5 a. m., northwest, velocity 2 miles; 5 p. m., southeast, velocity 5 miles. Highest temperature, 78 deg.; lowest, 57 deg. Rainfall for season, since last season, 8.57 inches. Barometer reduced to sea level.

WEATHER CONDITIONS--Precipitation occurred in Minnesota, Illinois, and in the Pacific of Columbia northward into Massachusetts. Elsewhere rain or more was absent. Frequent showers in general in Wyoming, south Dakota, Nebraska, and Minnesota. Partly cloudy weather prevailed over the greater part of Southern California this morning, and for some along the coast. SEEK SLANE'S WIFE, CHILD.

Evasions of Murder Suspect Start Investigation.

Police Scour Southland for Prisoner's Companion.

Accused Man was Formerly a Private Detective.

A nation-wide search is being made by Sheriff Cline and officials of other States for the wife and child of Otto Dan Slane, arrested for the murder last Wednesday near Carlsbad, San Diego county, of Israel Botwin, a chauffeur, who lived with his wife and child at No. 1537 Bridge street.

At the same time the country is being scoured for the young man companion of Slane, first known to the authorities as Harry Brandt.

The search for Mrs. Slane and her child is prompted by the several conflicting stories which Slane has told relative to their whereabouts. According to Deputy Sheriff Wright and Strong, who are working on the end of the search, Slane is reported to have said that some months ago his wife and child were drowned.

To others the prisoner said that he does not know where they are; that he tried to locate his wife since he came to Los Angeles to ascertain whether she ever secured a divorce from him. To still others Slane is reported to have said that his wife and child were with her parents somewhere in Kansas.

He also is credited with the statement that his family is with his relatives in Colorado.

The Colorado authorities have been asked by Sheriff Cline to locate Mrs. Slane if possible.

It is denied by the officers that Mrs. Slane was in Los Angeles.

KNOW SLANE'S FRIEND.

Deputy Sheriff Wright and Strong said yesterday they have established the identity of Slane's companion, know who his parents are, and where they reside. They are waiting for the boy to return home to take him into custody.

The officers have disproven Slane's statement that he first met Harry, as he is known, on the steamer Yale while on route from San Francisco to Los Angeles. They have positive proof, they say, that the two young men were companions together for some days in a California city before coming here.

The deputy sheriffs declare that from August 23 until the latter part of last month, Slane was employed as a national detective agency as an operative in Shasta county. When he first came to Los Angeles, before he was employed as a detective, he registered at a downtown hotel as Harry Vans of Denver. He used his first name when he registered at the Holly Hotel on the 24th of last month.

The deputy sheriffs say they have satisfied themselves that the four young women first mentioned in the case are innocent of any connection with the crime other than that prior to its commission they were companions of Slane and Harry. There is the suspicion on the minds of the authorities that possibly the car was stolen and Botwin killed and robbed in the hope of securing funds with which to further entertain the women.

Harry is described by the officers as being about 19 years old, of rather slender build, not physically capable of committing the crime under its conditions. They say further that the boy's home life was always such as to preclude the possibility in their mind that he committed the alleged murder.

NO JOY-RIDE INTENDED.

Physician Rolls Auto to Make Room for Own Machine and is Arrested.

Because he stood on the running board of an auto belonging to L. E. Bishop, No. 415 Union Oil Building, and rolled the machine along the curb of Seventh street far enough to make parking room for his own car, Dr. Albert E. Zimmermann, who has office in the Black Building, was arraigned in Judge Richardson's court yesterday on a charge of having driven and operated the auto without permission.

Technically it was a "joy-riding" complaint, but when Dr. Zimmermann went on the stand and stated that he simply rolled the machine along so that he could park his auto the judge dismissed the case on account of insufficient evidence.

BANK AIDS TAXPAYERS.

Complete Schedule of Revenue Stamps Needed Under Tax Law Explained.

A complete schedule of the revenue stamps that must be affixed to business instruments under the provisions of the new war tax law has been prepared for the business community of Los Angeles by L. H. Roseberry, trust attorney for the Security Trust and Savings Bank.

The schedule is printed in tabular form. It covers all lines of documents upon which stamps must be placed.

The Security bank is also distributing a twenty-four-page booklet, containing a complete analysis of the new tax laws, compiled by experts. The book is carefully indexed and cross-indexed, so that the average man can find the provisions that seem likely to affect him.

"We feel that it is very important that the war taxes be paid promptly and fully, and with as little friction or difficulty as possible," said J. F. Sartori, president of the bank. "Our object in getting out this information in readily understood form, and in quantities so that every man can come in and get a copy by asking for it, is a patriotic one."

AYE CLAIMS LEGAD?

Whether the claims made with reference to reimbursing persons, firms and corporations who have paid assessments for the construction of the Hill-street tunnel are legal is to be determined by the City Attorney before the Council will give them further consideration. This was decided yesterday, and the City Attorney was asked to file an opinion as early as convenient.

H. N. Sessions, Who was yesterday elected president of the Jovian Electric League.

JOVIANS ELECT.

Southern California Edison Official Heads Big Organization of Electrical Men.

H. N. Sessions, commercial engineer for the Southern California Edison Company, was elected president of the Jovian Electric League yesterday at the annual meeting at Jahnke's Tavern.

Other officers elected are: First vice-president, E. W. Kuran; second vice-president, G. E. Arbogast; secretary-treasurer, W. C. McWhinney; directors, R. H. Ballard, A. B. Day, E. P. Morphy, J. L. Case, F. J. Alry and R. Wolfberg.

Former Ambassador Gerard and City Attorney Stephens were the speakers at the meeting. The former spoke on "How to Win the War," and the latter on the Liberty Bonds.

JOINT INDICTMENT DELAYS TRIAL.

ATTORNEYS RAISE FINE LAW POINT IN VENICE CASE.

Complaints Against Two Persons Held on Separate Charges Claimed to Have no Valid Cause in Court—Judge Quickly Notes Error.

When E. C. Rice, mining promoter, appeared before Superior Judge McCormick yesterday for arraignment on the charges of murder and assault to commit murder, his attorneys, Earl Rogers and A. F. MacDonald, the latter a Venice Trustee, attacked the indictment on the ground that the two counts are improperly joined in the indictment.

The first count charges Rice with the murder of "Kiddo" Laidlow, a waiter in the New Strand cafe at Venice, three weeks ago. The second accuses the defendant with assault to murder A. O. Sullivan, another waiter in the same cafe.

It is the contention of the attorneys that the indictment is faulty, inasmuch as it seeks to jointly charge two different offenses, each subject to different modes of trial, against two separate individuals.

The indictment is predicated upon section 84 of the Penal Code. The attorneys aver that under the section in question the offenses should be kindred in character, subject to the same punishment, and should be directed against the same individual.

Judge McCormick thought so much of the contention of the attorneys for the defense that he gave the prosecution until Monday morning to prepare an answer to the demurrer and argue in its own behalf. The judge also called the prosecution's attention to the fact that in the first count the indictment fails to refer to Walter Sullivan "as a human being." It simply charges Rice with "an assault upon the person of one Sullivan."

It is said that this is the first time since the section in question became a law that the point involved has been raised. Monday the court also will consider the motion of the defense for bail for the defendant.

REAL FRENCH MARKET.

Novel Feature of Central Park Settlement will be its Dainty Stalls.

The Central Park French village Saturday is to be the real thing with all the chic that goes to make a settlement of this kind popular with everyone of the Allies. Mrs. Louis Wand has undertaken to make the village everything that its promoters have envisioned, has asked the balance of the committee in charge of the affair to see that the public in general comes out to Central Park Saturday and be convinced.

The main feature of the village is the committee in charge of the affair to see that the public in general comes out to Central Park Saturday and be convinced.

There will be all manner of things there for sale and the assisting committees will be composed of the following ladies:

Mrs. A. J. Amestoy, A. Blanchard, M. Blondeau, L. J. Christopher, Owen Dunn, M. Eyraud, M. Dupuy, A. Foies, M. Fog, R. Grimaud, J. Laidlow, G. C. Peck, F. F. Pellerin, Reyna, Rudich, A. Sentois, Misses A. Ballard, Grace Amestoy, Juanita Amestoy, Genevieve Amestoy, Marie Blanchard, Cassou, L. Cernigli, Eyraud, Antoinette Foies, Marie Louise Foies, Lacroix, Jennie Maschell, Stella Maschell, Helene Prechaco, Sarraill, Zoe Sentois, Antoinette Sentois, Robessa, Tala, Verges and Yvette Viole.

STATE DEMANDS FINAL QUOTAS.

Adjutant-General Wants the Shortage Figures.

Exemption Claims Reduce Available Lists.

June Marriages Release Many Drafted.

ADJ.-Gen. Boreas yesterday telegraphed all local boards to forward the shortage of their second 40 per cent. quotas, their final 15 per cent. quotas and all colored men certified for service, to American Lakes on October 12. This is in spite of the fact that the Federal district board last week notified the Adjutant-General's office that, owing to the large number of exemption claims pending, it would be impossible to certify back the local boards enough names to make up the final 15 per cent. quota.

Chairman George J. Denis of local board No. 17 yesterday said that his board would be able to send its full number, together with all shortage quotas on the second 40 per cent. quota. This board's 15 per cent. quota numbers ninety men, which, with thirty-two negroes, will make the board's full quota of 596 men called for under the allotment of the Adjutant-General's department.

Seth Brown, secretary of the Federal district board, is confident that at least one-half of the required men for the final 15 per cent. quota will be certified back to the local boards in time to permit of the men being sent to American Lakes next Saturday. The board is disposing of exemption claims at the rate of 200 per day, and will soon be able to clean up the present jam. The board will meet tonight and dispose of all claims pending from city district No. 17, and other districts will be taken up in their regular order.

Long Beach will be handled tonight also, one member of the board going there for that purpose.

V. V. Tubbs, chairman of Orange county board No. 1, which meets at Santa Ana yesterday, said that at the rate exemptions on claims of desertion will be granted by the Adjutant-General's office, the Federal district board that his entire 1200 men will be necessary to supply a quota of 181 exemptions to his district.

In discussing the liberal rules under which exemptions are being granted, Mr. Tubbs said that practically every man who was married prior to June 6, 1917, has been granted exemption, and the Orange county boards are facing the probability of having to call more men for examination to obtain their quotas.

Out of seven cases heard by Mr. Scott, forty-seven were granted, two denied and twenty-six referred to the special government attorney for further examination. Among the cases held in abeyance for investigation are a number of men who were married after June 6. Several of the men granted exemption are alleged to have been married three or four days prior to June 6.

One of the cases that has caused considerable comment is that of Charles C. Jones, assistant cashier of a bank at Fullerton, whose wife is also employed in the bank at a salary of \$85 per month. It is alleged that Mr. Jones testified that his wife went to work in the bank believing that he would be drafted. Chairman Scott ruled that Jones was entitled to exemption, as the government did not intend to send any man to war and force his wife to seek work to support herself.

PISTOL GOES OFF.

While cleaning an automatic pistol at No. 342 North Main street late yesterday, Ralph Crozier, aged 30, accidentally shot himself through the left shoulder. The bullet inflicted a slight flesh wound, which was treated at the Receiving Hospital. Mr. Crozier is a book-keeper.

Y.W.C.A. DRAMATIC CLASS.

The dramatic class of the Y.W.C.A. will reopen next Monday at 8 o'clock p.m. under the able direction of Miss Florence V. Brown. Many beautiful new plays are in prospect and splendid opportunities will be offered for the development of individual talent.

ARGUMENT IN BREAD CASE NEARS CLOSE.

Dist.-Atty Woolwine will make his closing argument to the jury in the alleged bread trust prosecution in Judge Houser's court this morning. The argument yesterday was made by Attorneys Henry Stiglitz, W. N. Goodwin, Lloyd Moultrie and E. R. Young for the defense. The jury is expected to retire to consider the verdict late this afternoon.

WOMAN SUES FOR LARGE COMMISSIONS.

Annette Eaton claimed she found a buyer for the property of the Boss Gold Mining Company in Nevada, and completed the deal at a price of \$180,000, for which she was to receive \$15,000 from Samuel E. Yount, the owner and a prominent mining man. Mr. Yount declined to pay her the commission, entering a general denial to her suit for the commission and holding that if there had been an agreement, it should have been in writing. After hearing the evidence yesterday Judge Valentine continued the case until the 27th inst. for argument. The mining property was sold to W. C. Price.

BURGLAR GETS LOOT FROM TWO APARTMENTS.

Two apartments in South Burlington street, between Sixth and Seventh streets were looted yesterday by a burglar, who carried away jewelry and diamonds valued at more than \$1000. Mrs. Margaret Farewell was robbed of several antique pieces of jewelry, which were studded with diamonds. The jewels were highly prized because they had been family heirlooms for many generations. A diamond valued at \$200 was stolen from the apartment of Mrs. Charlotte Casey. The thief used a pass key in manipulating the locks of the apartments.

WOMAN IS BANKRUPT.

Mrs. M. S. Mick, a broker of this city, filed a petition in bankruptcy in the United States District Court yesterday. She gives her liabilities as \$11,768, and her assets as \$414.44, of which \$190 is the alleged value of equities in certain real estate.

HONOR FORMER LOCAL PASTOR.

William Horace Day Named Congregational Moderator.

Title Conferred at National Council of Church.

Friends Here Telegraph Their Congratulations to Divine.

The Rev. William Horace Day, formerly pastor of the First Congregational Church of this city, was yesterday elected moderator of the National Council of the Congregational Church, at its biennial session now being held at Columbus, O. The present session was to have been held in this city last June, but owing to the war was postponed. The church of Dr. Carl S. Patton of Columbus, who has been called to succeed Dr. Day in the pastorate of the First Congregational Church of Los Angeles, is acting as the host church for the conference.

The announcement of Dr. Day's selection was received yesterday by the members of his former pastorate and hundreds of telegrams of congratulations have been sent him. Dr. Day was pastor of the First Congregational Church here for sixteen years and his thousands of friends here will rejoice in the high honor paid him. Dr. Day is at present pastor of the United Congregational Church of Bridgeport, Ct., having accepted a call from that church in February of the present year.

The biennial Council of the Congregational Church is one of the most important church conferences in the country, ranking with the Methodist General Conference.

TRANSFER APPROVED.

Frank Belcher, well-known amusement promoter, formerly of Gallipoli, O., yesterday secured the concessions to Hollenbeck Park, the Park Commission being permitted to transfer the contract from W. J. Donner. Mr. Belcher plans to make a number of important improvements to the park.

Mixing Barley With Wheat

not only saves Wheat for our Soldiers and Allies but actually makes a better and more pleasing food—

Grape-Nuts

America's Whole Wheat and Barley food has been known to thousands as the choicest of all prepared cereals.

With the incentive to save, new thousands are eating this delicious food.

STYLE HEADQUARTERS—THE STORE THAT SELLS SOCIETY BRAND CLOTHES

Life's Good SOCIETY.

The interesting wedding of Miss Martha Newman and Mr. Robert Newman, which took place this evening at the home of Mrs. Porter of No. 813 Glendale avenue, when her daughter, the bride, was accompanied by Beverly Hills, and guests have been invited to attend the marriage at the church will be attended by her father, Mr. Newman, and the groom by her brother, Mr. Newman. The ceremony will be performed by the Rev. Dr. C. H. Patton of the Coast Artillery, and will be given in honor of the bride and groom. The bride is the daughter of Mr. and Mrs. Newman, and the groom is the son of Mr. and Mrs. Newman. The wedding was a most beautiful affair, and the guests were most entertained. The bride and groom were most happy, and the wedding was a most successful one.

FRIVOLS.

NOVEL ENTERPRISE

By Grace Kingsley.

A novel enterprise is that of H. M. Horkheimer, president of the Balboa company, who plans to present nothing less than the simultaneous presentation on stage and screen, of a dramatic version of a story by Gouverneur Morris, entitled "The Right to Live." This story appeared in a well-known magazine some years ago, under another title.

Mr. Horkheimer likewise announces that a well-known star will play the leading role in both versions.

Some time ago, Horkheimer, in the identity of this star, though speculation and rumor have it that Gail Kane is the young woman, negotiations having been known to be under way between Balboa and Miss Kane.

The play is to be produced in Los Angeles, according to Mr. Horkheimer's present plans, which, however, he has not yet fully disclosed.

The film version will, of course, be made at the Balboa studios, and will be in seven reels.

"I have had this play for four years now," said Mr. Horkheimer, in discussing the novel project. "The production has been delayed for the want of the right star to play the leading role. At last I have found her, after combing the entire amusement world thoroughly. Meanwhile the play has been worked over and over until I believe I have one of the most promising pieces of dramatic material ever evolved."

The original short story had a plot which Mr. Horkheimer has developed in a masterly way.

Mr. Horkheimer's debut as a theatrical producer is due to a long-cherished desire in that direction. As he himself admits, for which former experience in this direction, as well as his picture-producing experience, should eminently fit him. The success of the author who is making the stage version of the drama is kept under cover. He is said to have many successful scenarios to his credit already, though this is his first experience as a playwright.

Work is already under way on the photoplay production, and it is announced that by the time the seven reels have been filmed and made ready for release, the stage play will have been whipped into shape and the same cast rehearsed in the drama.

According to the opinion of many theatrical producers now-a-days, making stage and film plays of the same story serve as interchangeable advertising. In accordance with this theory, Manager Oliver Morosco, as an instance in point, has decided to produce "Audrey" on the stage and "Audrey" simultaneously as a stage and photoplay, Mary Pickford having the star role in the film play, and Nancy Fair in the stage production. It is Mr. Horkheimer's idea likewise in case of his projected production, the play will advertise the film, and vice versa.

Looks Good for Orphans.

The very novel and spectacular outdoor Red Cross entertainment for the benefit of the French orphans, which will take place next Saturday afternoon at Central Park, in this city, when the place will be turned into the semblance of a gaily-decorated French market, with pretty motion-picture actresses selling candy, popcorn and other delectables, promises to be an even greater success.

Supper.

Starting Sunday at the Superba Jewel Productions, Inc., presents Edward Everett Hale's immortal American classic, "The Man Without a Country," featuring Florence La Badie. It was produced by Edwin Thanhouser and is heralded as a tremendous picture that will thrill the nation. This week in Bohemian circles in New York is realistically pictured in "Bondage," Dorothy Phillips' latest Bluebird photoplay. The cast includes besides the star Gretchen Leder, Gertrude Astor, William Stowell and J. R. McLaughlin.

Alhambra.

Gladya Brockwell in "Conscience," supported by a host of Fox cast, will be the big feature at the Alhambra Theater beginning next Sunday. The other special feature on the program will be "The Tanks in Action at the Battle of the Ancre," official British government war film.

During the present week Valeska Suratt is showing her admirers a new way to spend a million in her latest success, "A Rich Man's Plaything," and the sixth installment of the official government war films are unfolding their drama of trench life in Europe.

Garrick.

Taylor Holmes, the stage star, is making his debut as a screen star in "Efficiency Edgar's Courtship," an Essanay comedy-drama. It will be seen at the Garrick next week. It is taken from the Saturday Evening Post story by Clarence Buddington Kelland. Thrills galore and superb character acting make "The Bar-sain," the William S. Hart classic in this production. For the remainder of the week George Beban will be seen in his latest success, "Lost in Paris." In this picture Mr. Beban displays to advantage those talents as a portrayal of Italian characters which have made him a star of repute in America.

Woodley's Strand.

Sessue Hayakawa in "Hashimura Togo," comes to Woodley's Strand Theater Sunday. In this picture this famous Japanese star has his first opportunity to portray comedy, and he proves his versatility with agreeable satisfaction. For it is said he scores admirably as a comedian in this production. For the remainder of the week George Beban will be seen in his latest success, "Lost in Paris." In this picture Mr. Beban displays to advantage those talents as a portrayal of Italian characters which have made him a star of repute in America.

Quinn's Rialto.

Convincing all doubting Thomases that she can register on the screen as well as on the stage, the actress as act on the legitimate stage, the famous American beauty, Maxine Elliott, has in her first Goldenwyn picture, "Fighting Odds," now playing at popular prices at Quinn's Rialto, scored a tremendous success. "Fighting Odds" is a timely story.

Hippodrome.

At the Hippodrome this week, the late Paul Armstrong's political play-

A CLUB NEOPHYTE'S LETTER.

LOS ANGELES, Oct. 9.

Dear Aunt Sophia:

I think I am going to make a nice little club woman one day. I have been to four meetings already and heard some wonderful things.

You know, the City Club begins with a frisky 50-cent lunch, and while Mrs. Van Graham is away up north, Dr. Jessie Russell is presiding chief and she looks like a courageous general with the fate of an army on her conscience. We all felt as if we ought to salute, respectfully, a haughty and a tolerant smile. Mrs. Lewis R. Works, still wearing

haughty and a tolerant smile. Mrs. Lewis R. Works, still wearing

haughty and a tolerant smile. Mrs. Lewis R. Works, still wearing

haughty and a tolerant smile. Mrs. Lewis R. Works, still wearing

haughty and a tolerant smile. Mrs. Lewis R. Works, still wearing

haughty and a tolerant smile. Mrs. Lewis R. Works, still wearing

haughty and a tolerant smile. Mrs. Lewis R. Works, still wearing

haughty and a tolerant smile. Mrs. Lewis R. Works, still wearing

haughty and a tolerant smile. Mrs. Lewis R. Works, still wearing

RETURN FROM UTAH.

Mr. and Mrs. D. J. Sheehan and their attractive young daughter, the Misses Helen and Gertrude, returned from their recent trip to the West. The couple were accompanied by their son, who is now a student at the University of California.

At Alexandria.

Among the prominent eastern visitors who have registered at the Hotel Alexandria this week are Mr. and Mrs. C. A. Bickert of Chicago. Mr. Bickert is president of the Bickert Coal Company.

Kahn's Entertainers.

Mr. and Mrs. John Kahn entertained at an elaborate appointed dinner Tuesday evening for a group of musical celebrities and other friends. About fifty guests enjoyed the evening. Among the honorees were Mrs. Marika Aldrich Davis, Mr. and Mrs. Adolf Tandler, Diederich Vesper, and Gertrude Cohen. The dinner was followed by a musical program to which the artists contributed enjoyable selections.

Bride Visits Parents.

Mr. Harold D. Roebuck of San Diego, is visiting his parents, Mr. and Mrs. Edward McKain of Hollywood. Mr. Roebuck will be remembered as Miss Zylpha McKain, a bride of May.

SOLD FAKE FURS?

Man is Charged With Selling Rabbit and Muskrat Skins as Furs From Alaska.

The frozen vastness where the Northern Lights hold sway was the background that, together with a touch of southern eloquence, helped rabbit and muskrat skins to pass for Arctic furs and defraud a number of packing-house employees in a Los Angeles plant of about \$300, according to the charge made by the police in arresting Jack Stevens, recently of the Pasadena, Aerial Detective Bureau and Gamaah, who took Stevens into custody, say the man was so glib in his description of the land where the alleged valuable furs were supposed to have been gathered, that he induced several victims to pay good money for what was nothing short of hides of the eastern rabbits and muskrats.

WHOM STARVING NOW?
The price of bread has risen 10 per cent. in Germany. Wasn't it Germany that
declared she was going to starve England
out in three months?

WEED THEM OUT!
The Milwaukee Leader, a Socialist
organ, has been barred from the mails.
Ames! The "Mileader," the "Appeal to
Treason" and all similar publications
should have been barred from the United
States mail long ago. There is a law
against sending poisoned candy through
the mails. Why allow the free distribution
of mental poison, sugar-coated with the
idea of "brotherhood"?

DEAF TO FIT.
In an effort to lessen the bitterness
of the war the Pope is said to be bring-
ing pressure to bear on Germany and Aus-
tria to abandon air raids on open cities.
There is little probability that the Tontons
will listen to the Pope's pleas. If they
do, a sense of justice was capable of moving
Germany to mercy she would long since
have abolished her murderous campaign
against innocent women and children and
noncombatants.

WELCOME, GREEK!
Good news is flashed from Athens.
Greece will enter the war on the side of
the Allies. Her people are slaying as of
old.
"As to the battle, Achelous,
Our hearts bid the tyrants defiance.
Our land the first garden of Liberty's tree
It has been and shall still be the land of
the free."
For a word of submission we breathe not.
And the sword we have drawn we will
sheathe not.
And we march that the footprints of Ma-
son's slaves
shall be blotted in blood from our fore-
fathers' graves."

A GOOD SUGGESTION.
Ex-Ambassador Gerard advocates the
substitution of Spanish for German in Los
Angeles schools. The advice would have
been commendable even before the war.
Not only is Spanish the more musical
tongue, but from a utilitarian standpoint
it is worthy of consideration by local
educational authorities. With so many Span-
ish-speaking people in and about Los An-
geles, with Mexico just south of us and with
the increased commercial friendship that
will exist between Southern California and
South America after the war, the young
people of this city will be greatly benefited
by a thorough knowledge of Spanish, no
matter what vocation or profession they
may choose to adopt after they leave
school. When one meets a Spaniard it is
rather embarrassing to be as ignorant of
Spanish as a certain immigrant from Spain
was of the English tongue. The editor of the
Deutsche (A.L.) Dispatch, wishing to be
very polite, told the Spanish youth that he
was sorry he was not more familiar with
the language of Cervantes. "And I," re-
plied the other, smiling, "am sorry that I
do not better understand the grammar of
George Washington."

NORTON CATALOGUED.
Richard H. Norton, "Goo-goo" Super-
visor and professional reformer, has been
found guilty of malfeasance in office by a
jury in Judge Wilbur's court. The verdict
ousts automatically the seat he now oc-
cupies on the Board of Supervisors. Political
associates of Mr. Norton assert that no
moral turpitude is involved; but he was con-
victed of abusing his office and misusing
county money.

Ten years ago Mr. Norton adopted the role
of "reformer" as a profession. When he ran
for Supervisor he explained that he was
actuated solely by high humanitarian mo-
tives. He was not looking for personal
aggrandizement of political preferment, but
he had become convinced, through reading
the columns of the Evening Express and by
his own personal observations that the
Board of Supervisors was an Augean stable
—and that he was volunteering his services
in the interests of the public health. His
political associates pictured him as the mod-
ern Hercules. It is unfortunate that, after
having cleansed the stables, some of the
worst dirt should have been found in his pri-
vate corral.

Economy in public expenditures was one
of the main planks in the platform of the
"Goo-goo" politicians. These "professions
were above reproach," but their practices
were not able to pass muster of a grand jury
investigation. Among the counts on which
Mr. Norton has been convicted is the charge
that he and his associates on the Board of
Supervisors spent last year all the tax money
in sight, and when political exigencies de-
manded further expenditures, they con-
tracted obligations amounting to \$1,453,939
in excess of legal expenditures. Mr. Norton
and his confederates say that this act con-
stitutes only a technical offense. The same
argument may be used in favor of a person
who gives a check that is returned marked
"insufficient funds." It is no violation of
law. He was really convicted of igno-
rance, incompetence and humbuggery. That
is the sum of it—and the measure of him.

MR. GERARD'S TOUR.
Hon. James W. Gerard, former United
States Ambassador to Germany, who is
making a tour of the United States, at his
own expense, for the purpose of arousing
the people to a full appreciation of the task
that confronts their government, has just
closed a speaking campaign in Southern
California in which not less than 40,000
persons have heard from his own lips an
account of the actual conditions in Ger-
many and the real temper and character
of the people and the government with
whom we are preparing to grapple in a
life-and-death struggle in the trenches.

Mr. Gerard has confined himself exclu-
sively to the relation of facts with which
he is personally familiar, carefully refrain-
ing at all times from expressing opinions
or quoting hearsay. The fact that Mr. Ger-
ard, while Ambassador to Germany, made
a trip to this country to collect funds for
the starving children of Germany and
of itself spoke any charge of pre-war anti-
German sentiments.

His former Ambassador in all his ad-
dresses has emphasized three things:
First, that war with Germany was inevi-
table. We could not have escaped it. To us
was left the choice of entering the world
conflict with powerful allies to hold the
line and prevent invasion of our territory
while we got ready or of waiting until Ger-
many had brought her enemies to their
knees and then, flushed with victory, had
made an onslaught on us, an onslaught
which we would have had to resist alone,
since no nation in the world would dare
take sides against this Prussian juggernaut
if victory had crowned his efforts in Eu-
rope.

The second point drives home by Mr.
Gerard is the vital necessity of presenting
a united front to the enemy. This, as Mr.
Gerard made clear, is not only necessary
because it aids our own government in
prosecuting the war with vigor and effi-
ciency, but because it deprives Germany of
one of her main arguments used with her
own subjects, namely, that the American
people are divided on the war, are apathetic
or are failing to stand behind the govern-
ment. He pointed out that, after a
particularly vicious pro-German speech in
the upper house of Congress, a leading
German paper carried a full-page story,
with a double-banner headline, announcing
that Americans were in revolt. [Oh! Oh!
Hearst's revolt!] The importance of sub-
scribing and over-subscribing the second
Liberty Loan was clearly shown in this
connection. Failure to do so would mis-
lead the enemy, bolster up his courage and
prolong the war.

The third point which the former Am-
bassador seemed anxious to drive home is
that the United States should, to use his
own words, "Pick out the most prominent
pro-Germans in this country and send them
back to Germany bag and baggage." This
sentiment is rapidly crystallizing through-
out the country. It met with enthusiastic
approval here, for when first voiced by
Mr. Gerard at the monster mass meeting
held at the Shrine Auditorium last Saturday
night the storm of applause that answered
his words fairly rocked the great structure.

The vociferous approval with which this
statement was received should serve as a
warning to all pro-Germans, weak-kneed
pacifists, I.W.W., anti-war Socialists and
fool Americans with strong German sym-
pathies and more particularly those men in
high places of the La Follette stripe, who
by their obstructionist tactics have held
the government's arms tied for months.
The word has finally gone forth in America
that there can be no division of loyalty.
The burning words of the eloquent Root,
those keen, rapier-like intellect trapped the
definition of loyalty and treason that will
live as long as the English language is
spoken, were reiterated by Mr. Gerard when
he said:

"The Congress of the United States
has declared war. The President is the
commander-in-chief of the forces
that must prosecute that war and he will
uphold; the time for argument and
debate is past; not to be loyal now,
with every atom of energy you possess
is to be a traitor; opposition to the
government in the conduct of the war
is treason and should be, and will be,
treated as such."

The moral effect of Mr. Gerard's cam-
paign on the people of Los Angeles will be
great. Coming as he did when we were
in the midst of a great Liberty Loan drive,
picturing as he did the awful Prussian
brutality to prisoners, the rape and en-
slavement of women, the murder of help-
less children and the wanton destruction
of all that was beautiful in ancient art
that came within the range of their guns,
will undoubtedly spur our people to make
herculean efforts to subscribe for the
second Liberty Loan, not only up to the limit
what they can conveniently spare at this
time, but beyond that point and to the
limit where actual privation becomes
part of the sacrifice.

Of the man himself there is much to be
said. His career as a jurist, having been
Justice of the Supreme Court of the State
of New York, is a brilliant one. When he
was called to Washington to become Am-
bassador to Germany he asked just what
an Ambassador's duties were: he was told
"just being an Ambassador." How well
he filled this rather general requirement
is a matter of history. He is a typical
American, keen, resourceful, with action
close-coupled up to thought.

The Man at the Bung, Too.

THE CONSPICUOUS VICE OF DIRECT

LEGISLATION.
All just and successful legislation repre-
sents the scientific development of an idea.
All our accepted theories of government
were once pearls still looked in the oyster.
They reach their highest perfection only
when they pass through the refining in-
fluences that free them from dross. The
American Constitution represents liberty
and unity in their highest and purest forms.
But the tenets of liberty as they are ex-
pressed were not constituted in a day. They
were discussed in the Acropolis at Athens, in
the Forum at Rome, in the councils of the
kings in London, in the assemblies of the
States-General at Paris. It is a historic
fact that not a section of the Constitution
was adopted in the form in which it was
originally submitted to the Constitutional
Assembly of the States. It represents a
scientific development of democratic ideas,
through processes of elimination as exact
as that of chemistry or astronomy.

Direct legislation, on the other hand, is
major legislation; it is the tyranny of the
majority, a modern adaptation of the extra-
legalism that wrecked Athens by driving into
exile her ablest citizens. For a government
of reason direct legislation substitutes the
rule of numbers; it represents the domi-
nance of brute force; truth and justice
cease to be the ends of justice; all else
is subjected to the blind direction of numbers.
Majority rule is always to be desired; but
it is not always easy, or even possible, to
know the will of the majority. It has never
yet been expressed or determined through
direct legislation, which is more arbitrary
than the edicts of crowned despots. The
State Constitution of California provides
that any initiative petition signed by eight
per cent of the voters must be submitted to
the electorate for ratification without addi-
tions or alterations. The instant the signa-
tures are fixed to the petitions the text be-
comes as immutable as the laws of the
Medes and the Persians. Regardless of the
errors that may have been made in its pre-
paration, not a line, not a word may be
changed. There is no opportunity for dis-
cussion or amendment or correction of
errors. The very word "legislative" carries
the idea of legislation—not swallowing. It
signifies the preparation and construction of
laws by means of a selection and building
through an interchange of thought and con-
siderations and careful consideration of diverse
views. That is how a legislature legislates.

Public sentiment in California is known to
be strongly opposed to the open bar, yet
three successive initiative petitions provid-
ing for the closing of saloons have been re-
jected in general elections. The fault lay
in the context of the petitions. They were
prepared by a few "bone-dry" prohibition-
ists and would have ruined the grape and
hop industry of the State. Their fault is the
fault of all direct legislation: the amend-
ment did not represent the sentiment of the
whole people, but was prepared and pre-
sented by a small minority of fanatics who
sought to dictate in place of submitting to
a vote of the people. Thousands of electors
voted against the amendments for closing
the saloons by reason of the extraneous
matter they contained. In a legislative as-
sembly the extraneous matter could have
been eliminated; under direct legislation
such elimination was impossible.

Initiative experiments in agrarian legisla-
tion have been equally unfortunate. There
is a general demand for genuine reform in
California's land laws; but the initiative
amendments proposed to better the condi-
tions which are known to be unfavorable to
the agriculturists, sought to place the whole
tax burden of municipal, county and State
governments on the backs of the farmers.
The electors faced the dilemma of voting
for single tax or permitting present abuses

to continue. At each election a majority
voted to let bad enough alone.
When the final draft of the Federal Con-
stitution was submitted to the States for
ratification it represented a series of com-
promises that had been reached only after
weeks of debate. It was not a decree pro-
mulgated by a small coterie of fanatics, but
the expression of the will of the whole peo-
ple. That will can only be determined by
conference and free discussion. Direct leg-
islation is tantamount to government by
decree. The petitions are prepared by a
coterie of three or five persons; signatures
are paid for at a stipulated price per name;
then the act must be accepted or rejected
without revision. Such legislation is as
rigid as cast iron; representative legisla-
tion possesses the elasticity of steel. Direct
legislation takes the form of an ultimatum
must remain in that form without amend-
ment. The petitions are prepared by a
coterie of three or five persons; signatures
are paid for at a stipulated price per name;
then the act must be accepted or rejected
without revision. Such legislation is as
rigid as cast iron; representative legisla-
tion possesses the elasticity of steel. Direct
legislation takes the form of an ultimatum
must remain in that form without amend-
ment. The petitions are prepared by a
coterie of three or five persons; signatures
are paid for at a stipulated price per name;
then the act must be accepted or rejected
without revision. Such legislation is as
rigid as cast iron; representative legisla-
tion possesses the elasticity of steel. Direct
legislation takes the form of an ultimatum
must remain in that form without amend-
ment. The petitions are prepared by a
coterie of three or five persons; signatures
are paid for at a stipulated price per name;
then the act must be accepted or rejected
without revision. Such legislation is as
rigid as cast iron; representative legisla-
tion possesses the elasticity of steel. Direct

Stocks and Bonds.
NEW YORK, Oct. 10.—Liquidator
more drastic and compre-
hensive than swept over the
market a month ago accompanied
by a further congestion of orders
many others touched their
bottom for a much longer period,
and a few absolute low records,
downward began at the out-
set. The gas soon broke 7 1/2
in consequence of the pas-
sage of the dividend.
United States Steel was unloaded
in heavy selling, individual lots
from 104, its maximum of
the day, to 101 1/2, falling on short
covering to 101 1/2, a net de-
cline of 1 1/2 points. Steel was at its
lowest point of the year, 101 1/2,
showing a decrease of
\$49,000 tons in unfilled
orders. Coppers, oils,
and kindred stocks fell 1
point, while Liberty bonds
fell 1/2 point, and the
market closed at 1,075,000
shares of bonds were heavy.

BROADER TRADING
ON EXCHANGE.
DEMAND FOR OIL AND METAL
SHARES CONTINUES.

Trading on the Los Angeles Stock
Exchange assumed slightly broader
proportions yesterday, and, although
prices were not particularly strong,
the market on the whole looked bet-
ter. Demand for oil and metal
shares was about evenly distributed,
and preferred stock of the San Joaquin
Light and Power Corporation
Active—Union Oil Loans Point.
Home Telephone Firm—Good
Call for the Ottomans.

A good call continues to be
noticed for the Ottomans miscellaneous
list, and stocks in that group have
shown more strength of late than
they have for the past six months.
Application has been made for list-
ing by the Gulf Oil Mining Com-
pany, and it is expected that this
issue will be a very active one when
it has once been placed on the
board. Sunnyside Wednesday opened
at 95 1/2, sold down to 94 1/2, and
closed at 95 1/2.
At least advice from Denver
continue to dilate on the oil boom in
Wyoming and the active trading in
the stocks of that field. The rapid
rise in the value of oil lands and
leases in Wyoming is one of the
features of the present boom there,
several fortunes have been made
by individuals on the ground, each
buyer selling his lease for double what
he put into it. The Five Fields Oil
Company, which owns property in
a half a dozen of the main fields, is
said to hold some of the most valu-
able land in Wyoming. The Salt
Creek Petroleum Company, which is
owned by the same people that con-
trol the Five Fields, is said to be
one of the best buys on the market,
and several local brokers report a
heavy call for both stocks from Los
Angeles investors.

MACDOO TO GET WARM WELCOME

Macdonald Liberty Loan in
Prison with Bankers.

Macdonald Meeting to Follow
at Shrine Auditorium.

Subscribe Million
to Bond Issue.

Arrangements were made
by Donald O'Melveny of the
Liberty Loan Committee for the
Macdonald meeting. His stay
in the Shrine F. A. will be met at
4:30 p.m. Tuesday.
The meeting will be held at the
Shrine Auditorium.
Although this committee
has not as yet been ap-
pointed, it is understood that the
Macdonald group of men
in this city will be on
the glad hand to the

The railroad station the Sec-
retary will be escorted through the
of Los Angeles in an auto-
mobile. The "chamber of
commerce" in arranging this parade
will be a patriotic spectacle.
The parade will wind its
way through the principal streets
between downtown Los Angeles
to bring Mr. Macdonald to
the Shrine at 4 o'clock. At
that hour he will be escorted
by the Liberty Loan Committee.

With the request of the
Secretary of the Treasury, to one
of the officials will be invited to
attend, as it is the purpose of
the parade to carry on the
Liberty Loan campaign. In all
of the city he will speak to those
who are some of the plans that
will be made to carry on the
Liberty Loan campaign. In all
of the city he will speak to those
who are some of the plans that
will be made to carry on the
Liberty Loan campaign.

FOR TODAY.
The largest
of employees yet held
to order by D. M.
Macdonald, president of the Pacific
Liberty Loan Committee, in
the room of that committee
over 400 employees
present and a number
of the government is now

Macdonald, B. Henry
of the Billy Sunday Taber-
nacle, the subject of the Liberty
Loan drive and the Cam-
paign Committee will ad-
dress the Kiwanis Club and the
club next Friday.

Macdonald Reserve Bank at San
Francisco has named the minimum
allotments for South-
western, which total \$41,-
and \$10,000,000, respec-
tively, being based upon
10 per cent. of the total bank
in this part of the State.
Minimum and maximum figures
are given as \$125,-
and \$125,000,000.

Macdonald made Wednesday by
the Los Angeles Morris Plan Bank
its latest efforts to push the
Liberty Loan drive and the Cam-
paign Committee was not slow in
this generous proffer. It
announced that the Morris Plan
throughout the country played
a part in floating the
Liberty Loan drive of 1916, and
Macdonald bank, which was
after the first campaign
ended, no doubt will be a great
city in seeing the Lib-
erty Loan drive.

Macdonald LARGE SUM.
Macdonald & Co., one of the largest
in the world, has
announced that the Liberty
Loan drive is only doing its
share of the work.
Every industrial com-
pany in the country must support
the Liberty Loan drive. The news of a
Macdonald bank, which was
after the first campaign
ended, no doubt will be a great
city in seeing the Lib-
erty Loan drive.

Macdonald The news of a
Macdonald bank, which was
after the first campaign
ended, no doubt will be a great
city in seeing the Lib-
erty Loan drive.

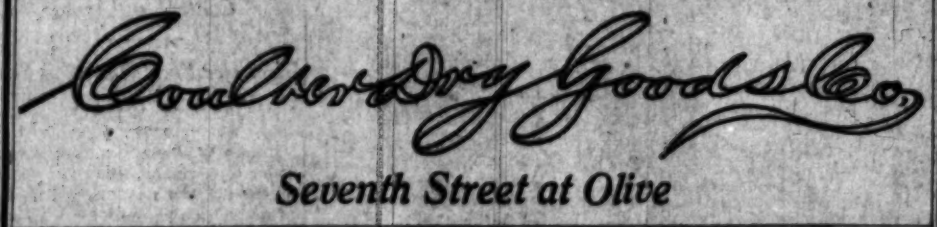

Macdonald SENIORITA ON
CHARGE OF MURDER.
Macdonald, a 24-year-
old girl, was held yester-
day in the Shrine F. A. to answer
charges of murder.
She was arrested by the
Los Angeles Sheriff's Office
after a search of the records
of the Los Angeles Sheriff's
Office.

Macdonald The testimony ad-
ministered by the jury
during the trial of the girl
was that she had been
in the room under lock
and key, and that she
was the only person in
the room.

Macdonald The testimony ad-
ministered by the jury
during the trial of the girl
was that she had been
in the room under lock
and key, and that she

the room.

The Oldest Dry Goods Store in Los Angeles Welcomes You Today to Its Beautiful New Home on Seventh Street at Olive

In building, we have had constantly in view the ut-
most comfort and convenience for the buying public,
whose store this is to be. While we shall keenly appre-
ciate your commendation of beautiful fixtures and ele-
gant surroundings, we shall most of all desire your
recognition of our effort to achieve efficiency in your
purchasing.

We invite your inspection of the store and the mer-
chandise. You will naturally desire to spend consid-
erable time upon each floor, in order to gain a compre-
hensive idea of our provisions for your welfare; how-
ever, we direct particular attention to a number of
especially attractive values featured about the store for
the opening day's business.

As Always, This Establishment Will Steadfastly Adhere to the Principles of Truth and Integrity Laid Down, Even Before Its Beginning, by the Founder, Mr. B. F. Coulter

The accompanying facsimile of a leaf from a memoran-
dum book issued by Mr. B. F. Coulter to his patrons, away
back in 1872, while in business in Clarksville, Tenn., splen-
dently voices the principles that have governed this establish-
ment since its inception in 1878.

The success of this business is due solely to the fact that it
was founded upon right principles, to which it has invariably
adhered.

New French Gloves New Jewelry Art We Direct Particular Attention to Fair Prices

For twenty-seven years the home
of Perrin Gloves, Coulter's this Au-
tumn presents, as usual, a complete
assortment as it is possible to obtain.
For today we direct special notice
to a line of new French kid gloves,
two-clasp, in every size, finished with
Paris Point embroidery, in white and
biscuit, at the extremely low price of
\$1.50 a pair.
As always, we accurately fit every
glove sold over our counters.

Modish Millinery

No daintier setting for artistic mil-
linery could easily be conceived than
that provided for you in this new
store.
Displays emphasize the most exclu-
sive creations for Fall and Winter
from this and the other side of the
sea, in enchanting fashion; in such
manner that you may view, easily and
comfortably, all that is best and new-
est and choicest.

Would you try on a model in pri-
vate? A French room is at your com-
mand; beautifully fitted with every
conceivable contrivance for your ease
in viewing your selection from any de-
sired angle, or in combination with
any gown or suit; either by artificial
or by natural daylight.
Selection from such compelling modes,
amid such enticing environment, be-
comes a keen pleasure, rather than the
wearisome task it sometimes seems.
Here, as elsewhere throughout the new
store, prices will be found surprisingly
moderate.

New Jewelry Art Novelties from the Far North of Mystic Charm

For the Fall and the approaching
Holiday season, Coulter's will espe-
cially feature a decidedly new creation
in novelty jewelry; the Far North, in
all its mystery and charm, will be re-
flected in this—Aurora Borealis neck-
laces, Midnight Sun Earrings and
Necklaces; Glacier Necklaces and
Earrings; Esquimaux and Totem
Pole novelties of wonderfully fan-
tastic design, yet modestly priced;
see these.

18 FRANKLIN STREET.
CLARKSVILLE, Tenn., March 27, 1872.

I N presenting this Memorandum Book,
I beg to keep you constantly remind-
ed, that I desire your patronage.
I shall endeavor at all times to keep
the best stock of Goods in the market,
and to sell at uniformly Low Prices. I
feel assured that if you will thoroughly
acquaint yourself with my Stock, and
manner of doing business, you will read-
ily perceive the advantages offered, both
in the extent and variety of Choice and
desirable Goods kept, also, the superior
light in which they are exhibited, the
liberal prices at which they are sold, the
experienced Merchants who wait upon
you, and the guarantee given you, that
the Goods shall, in every instance, be as
represented. No reasonable efforts shall
be spared to make it both pleasant and
profitable to you, to make your regular
purchases in my house.
Yours Truly,
B. F. COULTER.

For months—in fact, ever since the determination of this
establishment to move to the present location—a corps of dis-
criminating buyers has been selecting and purchasing high-
class merchandise in enormous quantities.

These are now unpacked, and await your approval and
selection. Stocks are brand-new; the finest that money can
buy, and have been greatly augmented in quantity over our
customary purchases, for the new store.

Imported Perfumes Exquisite Laces Despite Their Scarcity An Assemblage That —a Complete Show- Meets Every Need ing Here or Fancy

Fragrance infinite, exquisite—the
true essence of myriads of herbs and
flowers—products of master creators
of perfumes, toilet waters, powders
for the face, will be found in lavish
display at the sections devoted to
these feminine foibles. Whatever
your favorite brand or odor, you may
confidently expect to find it on sale
here.

(Toilet Goods: Main Floor)

Autumn's Authentic Apparel Arrays Presented Within Most Advantageous Environment

You must concede, at a glance, the marvelous beauty of this Third Floor, upon which are assembled all those
things of particular interest to women—her apparel, her lingerie, her corsets, her petticoats and blouses, her babies'
garments.
And you will concede, too, in the painstaking care that has arranged every detail for comfort in the choosing of
these intimate garments. Absolutely dust-proof containers enclose all perishable articles; each with a compart-
ment of its own, to obviate tumbling or soiling; each instantly available at your request.

In Particular, Today, Specially Priced Suits

It has been our good fortune to secure, especially for this occasion, a quantity of handsome plain tailored and
more elaborate suits, in broadcloths, serges, gabardines and other fashionable materials and colorings (as well as
the popular black and navy) to sell at a distinct price concession.

Suits ordinarily considered sterling values at \$30 to \$42.50, will be presented for your selection at \$26.75, \$31.75
and \$36.75.

You will want to see them if only for the pleasure of seeing them on yourself in the magnificent French room, or in
one of the many daylight trying-on rooms which are a convenient feature of this Apparel Section:

Hosiery Stocks Unsurpassed

An extremely important adjunct of mil-
linery's toilet—her hosiery; and an increasingly
difficult one satisfactorily to secure.
Surprisingly wide variety now at Coul-
ter's; amazingly fair prices.
Whether the lustrous silk, the silk fiber,
the lisle or the plain cotton hose be your
requirement; whether in conservative black
or the daintiest of pastel shades, you may
count upon finding it here.

(Hosiery: Main Floor)

How Enthusiastic Mothers Will Be

Over the private "Baby Room" that has
been fitted particularly and especially for
their convenience.
Here women may select in quiet and in
privacy, all the dainty little articles of ap-
paral for their babies' needs; from a show-
ing of practical or fanciful occasions.
Here, too, are to be found all the articles
for growing girls up to fourteen and sixteen
years; and for small boys' requirements, as
well.

(Infants' Wear: Third Floor)

Interesting Corset News

Listen on every shopping day in the year
you may expect, at Coulter's, news of some
garment of special value.
It may be waists for the children, corsets
for little misses or college girls, girdles or
brasieres for sports or negligee wear, cor-
sets for the well-groomed tailored woman.
Whatever the garment, we guarantee to
fit scientifically and comfortably, every age
and style of development from the child to
the great-grandmother!

(Corsets: Third Floor)

The Best Silks

Your favorite Silk Store will better
than ever demonstrate its ability to secure
for its patrons the best silks first, in its
splendidly arranged new quarters upon
the second floor.

Floods of daylight permit accurate
harmonizing of colors; and artificial light,
cunningly confined within a dark room,
will aid in the selection of the more deli-
cate shades which will be most used in
the making of gowns for evening and
formal wear.

A myriad of lovely new satin-surfaced
silks await your selection; all that is novel
and exclusive in silks of every nature—
providing only that they are worthy a
place in this most carefully selected as-
sessment—will be available to those who
appreciate the choicest.

New chiffon velvets and black silks
have been assembled for you in gorgeous
array—we await your inspection.

(Silks: Second Floor)

Our Famous Linen Section Better Than Ever Before

"The Home of Fine Linens" has come into its own, with a new home worthy the elegant weaves it has
always been Coulter's good fortune to purvey to its customers.
A feature unique is the Linen Display Room, where you may view, in privacy, under floods of daylight,
and in fitting surroundings, any particular sort of household or decorative linens you may contemplate
purchasing.

As heretofore, we shall continue to be sole Los Angeles agents for the famous John S. Brown & Sons'
Shamrock Irish Linens.

Coulter's will continue to show, too, the highest grades of Prussian damasks; the most elegant Ma-
deira hand-embroidered linens; the widest assortment of Linen Sets to be found hereabouts.
And peculiar facilities for buying permit, even in these days of dear and scarce linens, many special
prices which would be impossible with less influential connections with the world's leading linen loomers.
You will find time spent in this wonderful new Linen Section—hours most profitably passed.

(Linens: Second Floor)

Bedding of the Most Exclusive Character Is Here

Coulter's has long been recognized as being the one store in Los Angeles at which the majority of
nationally-advertised brands of bedding might be found.
Saint Mary's Blankets, for instance, are obtainable in Los Angeles only at Coulter's—they are the last
word in blanket elegance, and are on display and sale in their fitting new quarters; in all sizes and colors;
at prices low in comparison with their high quality.

Silk Comforts—elegant affairs of the most luxurious sort, filled with soft down or lamb-wool or cotton;
all the various styles of fancy comfort blankets—will be found here, beautifully displayed.
Steamer Rugs and Automobile Robes—always a leading feature, may be had in greatly increased
variety here.

Ostermoor mattresses—sold nowhere else in Los Angeles—are at Coulter's in all their different grades
and sizes.
Emmerich's pillows are also sold exclusively at Coulter's, together with many other brands of recog-
nizedly-best bedding.

CITY GAS CASE IS SUBMITTED.

Railroad Commissioner to Consider Decision.

One-zone System Enters into Final Deduction.

Municipality Rests After Local Arguments.

Proceedings before the Railroad Commission in the application for the gas rate case rehearing came to an abrupt close at noon yesterday. City Attorney Stephens submitted the case for Los Angeles and Railroad Commissioner Edgerton took the matter under advisement pending a decision.

Before the taking of testimony was closed attorneys for all interested stipulated that the testimony thus far given shall be considered a part of the proceedings in the event that a rehearing is granted. This stipulation was made in the belief that the rehearing will be brief, and that the time already used in presenting the case for the city of Los Angeles and for the outlying districts has not been wasted.

Commissioner Edgerton indicated that he will give serious consideration to the question of a one-zone system for the city of Los Angeles. He said at the close of the hearing yesterday that he was inclined to favor a one-zone system for Los Angeles provided he is convinced that such a decision will be in the interests of the general public.

He declared that the fixing of rates will be determined, however, irrespective of anything that may be done in the natural gas ordinance matter. He declined to postpone the fixing of the gas rates pending any protests or matters that have to do with the natural gas ordinance passed by the city council.

It was brought out clearly yesterday that in order to do away with the district system in Los Angeles the rate of 45 cents, now in force in district No. 1, which comprises the heart of the city, and which includes the bulk of the gas consumers, will be raised to meet the rate that must be lowered in the other districts.

City Attorney Stephens then said that he favored a one-zone system for Los Angeles. He said he would favor it even though it would mean that a man a few feet from the boundary lines of the city is made to pay a much higher rate than the man inside the city limits.

Attorney Herbert J. Goudge then said that it would be necessary in making the one-zone system for Los Angeles to specify a rate that would amount to 75.15 cents per 1000 cubic feet.

Commissioner Edgerton declared that the Railroad Commission and not the Los Angeles Gas and Electric Corporation or the Southern California Gas Company was responsible for the zone system. The responsibility for the fixing of the zone rates, he said, rested entirely with the Railroad Commission.

H. R. Leach, manager of public service for Glendale, said his city has the right to make against the Los Angeles Gas and Electric Corporation or the Southern California Gas Company. He also said he was willing to abide by the rate as fixed by the commission.

City Attorney Howard of Pasadena said his city would favor the one-zone system.

FACTS.
SEES NO HOPE FOR LOWER GAS RATES.
STATEMENT OF SITUATION BY PRESIDENT CONWELL.

Head of City Council Outlines Reasons for His Stand in Controversy and Declares Belief that Board of Public Utilities Should be Put in Control.

The following statement regarding the gas situation was issued yesterday by President Conwell of the City Council:

In view of the widespread interest in the natural gas ordinance passed by the Council and signed last Monday by the Mayor, I wish to make clear my own attitude on the matter in suggesting that the final vote be deferred until further data could be presented by the Board of Public Utilities.

It goes without saying that I favor the distribution of natural gas at the lowest rate that can be established and enforced, both to domestic and industrial consumers. I have no sympathy with the systematic policy of obstruction that has been followed by the gas corporations. Nevertheless, realizing that the city is subject to the rate-making authority of the State Railroad Commission, and that this body has decided that the consumers of Los Angeles must pay the gas company a per cent. interest on its entire plant, including that part now used in making artificial gas, whether the company distributes any artificial gas or not.

In view of this decision, I do not see how we can hope for any material reduction in the price of gas unless we get some effective competition by a company that is not loaded up with an artificial gas plant on which the city is compelled to pay interest and depreciation.

In addition to this we had the strong, direct appeal of many manufacturers of high standing who stated that was conditions, the status of government contracts, and the approach of the winter season made it extremely inadvisable to attempt to enforce the natural gas ordinance at this particular juncture.

Our own Board of Public Utilities had not been called upon to make any report whatever upon these questions. My effort was to get the unbiased judgment of this board so that we might, if possible, avoid falling into any serious error. I favored and still favor giving to the Board of Public Utilities definite authority, as part of their administrative routine, to control the distribution of natural gas in the interest of the entire community.

Nevertheless, I accede heartily to the decision of the majority of the Council and the Mayor, and I trust that the natural gas ordinance will prove to be the greatest advantage to Los Angeles that its opponents as-

NEW COMPANIES AUTHORIZED.

Home Guard Force Will Begin to Muster in Today as Auxiliary Troops.

Under the recent order of the War Department, authorizing California and six other States to organize additional National Guard companies, the mustering of the first California company will begin in Los Angeles today.

The man will be mustered in as National Guard companies, and will drill in the evening under competent instructors of the Los Angeles Armory. The men will be allowed to follow their usual avocations until called into regular service.

Capt. James L. Irwin has been detailed as recruiting officer, and has opened offices at room No. 424 Black Building. Men who have been notified to appear for examination under the draft law are not eligible.

FAREWELL TO MISSION.
Japanese Guests Will Leave Today for Washington, via New Orleans.

The Japanese commission, representing the Japanese Diet, headed by Dr. T. Masao, will leave Los Angeles this morning at 1:30 o'clock for New Orleans, where a brief stop will be made after which the commission will proceed to Washington.

Yesterday the commissioners were the guests of Consul Oyama at a luncheon at his home, No. 2912 Harvard boulevard. The afternoon was spent in pleasant trips through the city, and the evening with some personal friends of the members of the commission. The party is composed of Dr. T. Masao, E. Shimada, S. Yamani, N. Yehara and K. Mochizuki.

WILL ADMINISTER WHEEL MAN'S ESTATE.
Joseph Musgrove, an attorney, and A. R. Peck, president of the Anaheim Sugar Company, were yesterday appointed special administrators of the estate of George W. Hoot, the automobile wire wheel magnate, who died the 6th inst.

The estate, which is valued at \$1,200,000, was left in trust with Attorney Musgrove for the benefit of Hoot's wife, Mrs. Margaret Moody, and his grandchildren, George H. Moody, 4 months old, and Elizabeth Moody, 2 years old. The Real Estate portion, in San Diego county, is a portion of the estate which will be administered.

THE PUBLIC SERVICE.
At the City Hall.
SUGGEST DETOUR ON WEST FIFTH STREET.

PROTESTS FILED AGAINST PLAN TO TUNNEL NORMAL HILL.

Council will Abandon Proceedings if Protestants Will Stand Cost of Preliminary Investigation—Boring of Hill Would Interfere with Landscape Plans.

While the Council yesterday deferred action upon the proposed abandonment of proceedings in connection with the improvement of West Fifth street, it was tentatively agreed that such a step will be taken if the protestants will pay the cost to which the city has been put in its preliminary surveys and investigations. It is estimated that the cost is about \$1000.

The protestants presented a new plan, the principal feature of which is to detour around Normal Hill Center rather than to tunnel through it. It is argued that a tunnel would interfere with plans to make the hill scenically attractive.

"All we want to do is to make it possible for the people to get what they want," said Councilman Conrad. "If they would rather detour there is no reason why their request should not be granted. However, I am of the opinion that the Council will insist upon the improvement being made and that proceedings will not be permanently abandoned."

FOR COMPROMISE MEASURE.
The Council yesterday refused to strike from the building code ordinance the restrictive features in connection with automatic sprinklers. After giving the proposed amendment, however, the Council instructed the Public Safety Committee to prepare a compromise provision, one which will not compel the owners of all buildings to install the sprinklers. If a building cannot support the present system it was suggested that the ordinance provide for a single pressure system.

GEE NOON IS UP.
First Chinese Charged with Violating Military Registration Act is Brought Over to Grand Jury.

Gee Noon, the first Chinese arraigned on the charge of violating the military registration law, was before United States Commissioner Hammack yesterday, and was bound over to await the action of the grand jury.

Gee Noon registered in Los Angeles June 8, but when called to report for examination he was not to be found. It is the contention of the government that his father, Gee Hock, a prosperous Chinese merchant in the foreign quarter, furnished the son with a ticket to go to Boston, where he hoped he would escape for foreign parts.

APPROVE NEW STREET LAW.

Proposed Measure is Ready for Council's Action.

New Ordinance will Simplify Procedure, is Belief.

Contractors Indorse Action of Efficiency Expert.

The proposed new street procedure ordinance has been completed by Efficiency Director Burks and yesterday afternoon he discussed its provisions with representatives of several of the leading contractors. In the main the contractors gave the measure their approval.

The ordinance will be presented to the Council for adoption. It is designed to overcome present disadvantages in the following manner:

- (1) Simplify the procedure by substituting for the "ordinance of intention," a resolution by the Board of Public Works declaring its intention to request the Council to order the improvement on a certain date unless protest is made. In this same resolution fix the date for hearing protest, if any. Refuse property owners to the plans and map in the Engineer's office; and send notice by mail to the actual owners of property at their actual addresses, instead of to so-called "record owners" or to unknown owners at incorrect addresses, as is now commonly done.

- (2) Provide for the payment of contractors on cash, from a revolving fund, as the work progresses.
- (3) Provide for the collection of assessments by the city instead of by contractors.
- (4) Finance the revolving fund by the issue of bonds on the credit of property owners at 7 per cent. as at present.
- (5) Carry deferred payments on the books of the city; such payments, with interest, to be made as taxes are paid, rather than by the issue of an individual bond against each piece of property, as at present.
- (6) Fix moderate penalties for delinquency to be collected by the city, instead of the exorbitant penalties now collected by private holders of the bonds.
- (7) Encourage property owners to take their assessments at any time upon payment of the principal and interest to the next interest date, instead of waiting until the full bill is due, as at present.
- (8) Give property owners prompt notice of delinquency instead of depending upon "obscure" advertising of delinquencies as at present.

AWARDS DAMAGES.
A jury in Judge Stevens' court yesterday awarded A. J. Stevens \$6522.50 damages for property taken and to be used for a right-of-way for the new theater building at Third and Broadway, was arrested as a deserter yesterday afternoon by Deputy Sheriff Webb and Clark and turned over to the military authorities at Fort MacArthur. It is alleged that Romero should have left with the last contingent for the camp at American Lake.

CLAIM POLICE WINK AT BOOKMAKING HERE.
A number of witnesses were examined yesterday by the Criminal Complaints Committee of the county grand jury in an investigation of allegations that members of the police force are in league with gamblers in the extent of permitting books on the future race to be made in the colored section of Los Angeles. It is also asserted that dealers in narcotics are more or less intimately associated with these bookmakers. Several police officers are said to be under subpoena to appear before the grand jury and tell what they know regarding the alleged bookmaking charges.

AS DESERTER.
Manuel Romero of No. 115 South Utah street, a plasterer employed on the new theater building at Third and Broadway, was arrested as a deserter yesterday afternoon by Deputy Sheriff Webb and Clark and turned over to the military authorities at Fort MacArthur. It is alleged that Romero should have left with the last contingent for the camp at American Lake.

THE CREATION OF MASTER MUSICIANS.
A WORTHY musical instrument cannot be "manufactured" by mechanics any more than a work of art can be produced by machinery.

THE STARR PHONOGRAPHS.
are the product, not of a "factory," but of an institution in which the art of designing and creating the finest of musical instruments has been carried on for nearly half a century.

The all-important difference between the Starr Phonograph and "talking-machines" is that the Starr is designed on correct principles of tone-building. This is a difference that gives the Starr the truest, purest, sweetest tone of any phonograph you ever heard.

FRED. T. HOPKINS & SON, New York

Norton Case.

(Continued from First Page.)

men, there is absolutely no inducement for a man to hold public office. He must absolutely know the law in spite of the many attorneys the county employs."

"I have done my best," said Mr. Norton. "Everything was technical. I have no kick coming. I am not going to be sore. My conscience is absolutely clear. I never did anything wrong on the Board of Supervisors. If I had done wrong, I would not have got where I did. I am now going to take a vacation."

His term stopped with the verdict of the jury. The verdict ousted him from office. Dist. Atty. Woolwine complimented Chief Deputy Cryer and Deputy Stafford on the successful prosecution of the case.

Judge Wilbur announced that he will pass sentence on Mr. Norton at 9:30 o'clock this morning. Unless a stay is granted, the sentence will take effect at once.

Dist. Atty. Woolwine, who is prosecuting the alleged bread trust, made the following statement:

"In reference to the verdict in the case against Mr. Norton, I feel that the public should always bear in mind that the accusation upon which he was tried was returned by the grand jury of the county. It is true that the office of the District Attorney had the function of procuring evidence to the grand jury and of prosecuting the accusation after the same was returned; but I would remind the jury that the accusation itself was returned by the grand jury, composed of nine citizens of this county, whose duty it is to protect and defend the people of this county against all unlawful acts of officials, whether of high or low degree."

"I make this statement having in mind the repeated personal attacks of Mr. Norton upon the District Attorney, and I desire to state that I have but discharged my plain duty in this connection."

Mr. Norton never had any confidence in the legal department of the county, neither when Capt. Fredericks was District Attorney nor when Mr. Woolwine succeeded him, nor in County Counsel Hill. The result was, as these men also put it, that he was never interested in their advice.

"If the Supervisors did not know the legal significance of the condition of the county treasury," Mr. Cryer told the jury, "they ought to have known it. The law would not allow them to say that they did not know it."

They sought to levy a tax to cover the deficit of \$1,250,000 existing in the county funds; therefore, they must have known there was a deficit, was another contention.

Foreman Henry Riley of the jury made it plain after the verdict was handed in, that there was no criminal intent in the acts of Mr. Norton. He said that the jury followed the law as laid down by the court.

ORDERLY GOES ON BUYING SPREE?
SO CLAIM DETECTIVES WHO NAB HOSPITAL ATTACHE.

Say Man's Room More Resembles Woman's Boudoir Than Plain Sleeping Quarters—Made Purchase with Checks and Postdated Difference, They Say.

C. R. Lawson, an orderly at the California Hospital, was arrested yesterday by E. L. Olney of the Nick Harris Detective Agency, and City Detective Stevens, on the charge of passing fictitious checks. When visited by officials, Lawson's room more resembled a woman's boudoir, it is claimed, than a man's sleeping quarters, for it contained female wearing apparel of all kinds, which he had secured by means of his alleged bad checks.

Lawson, it appears, had so altered his identification card as orderly as to make it read that he was superintendent of nurses at the hospital. Armed with this, it is alleged, Lawson visited various stores, made purchases of kimono, robes and other women's garments, and then tendered checks in payment for the same, each check being a few dollars in excess of the purchase price of the articles. He invariably pocketed the difference.

The arrest of Lawson was brought about by a Japanese, to whom he visited the hospital to deliver some goods purchased by him by Lawson the Japanese says he was laughed at by other inmates of the institution.

Make Your Home Bright—And New With—

WALL PAPER

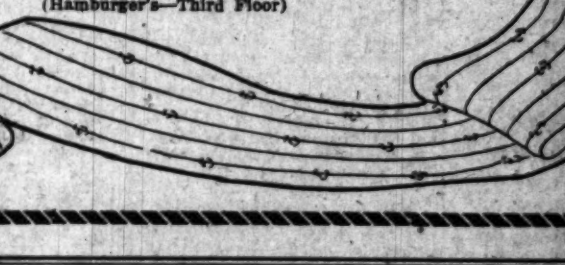

—The days are coming when all of us will spend more time indoors even in Golden California.

—You want your home to look well to your own eyes. Others will see it and you want to feel pride in it.

—There are certain rooms that need doing over; they come to your mind often. You can shut your eyes and see them.

—Wall paper has innumerable advantages—Carefully chosen patterns conceal all those little irregularities present in even the best-built homes.—Wall paper accentuates the beauty of the woodwork.—Wall paper permits individual expression.—The right paper will give commonplace rooms a look of individuality,—cold rooms a feeling of warmth,—dull rooms a glow of brightness.—In fact, wall paper meets every requirement of interior decoration—meets it effectively.

—Come as a visitor to our Wall paper Department (Hamburger's—Third Floor)

Why Hasn't That Letter Been Written?
Cut out the excuses and give everyone in the office their own tools for letter-writing!
"Too Busy" doesn't go when Edison Dictation is waitless and quicker than a telephone conversation.
"No Help" doesn't go, when Edison Dictation increases the production of the stenographer at least a third.
Edison Dictation gets the mail out on time—and that's a big reason why you want it.
Write or phone us today, "I will dictate a letter the Edison way."

TOULD QUIZ WILSON

Follette Asks the Privilege.

Also the Right to Examine Bryan on Lantana Case.

Senator Attempts to Minimize the Effects of St. Paul Speech.

WASHINGTON BUREAU OF THE TIMES, Oct. 11.—Senator La Follette of Wisconsin, in his speech today, indirectly asked the committee that Wilson and William Jennings Bryan as to the facts regarding Follette's statement that he wanted the President to be sworn to carry ammunition and explosives.

The committee took no action on the point, but members indicated that they would not question Wilson and William Jennings Bryan as to the facts regarding Follette's statement that he wanted the President to be sworn to carry ammunition and explosives.

La Follette's version of the St. Paul speech as transmitted in the Times is little different from the one given by the Senator.
